DEAR FRIENDS:

Another Iris season is almost upon us, and again we are submitting our annual listing of Tall Bearded and Dwarf Iris, also Day Lilies. We hope you find it interesting. We wish to thank each one of you for the wonderful letters and orders received last year. We are sorry we can't correspond with each of you personally and also visit with you. With a business of this sort, correspondence has to be held to a minimum if we get anything else done. We hope you will take this little note personally, when we say we truly appreciate every order you have sent us and the many wonderful testimonials. We hope you have a good Iris season with many beautiful flowers.

We wish it were possible for each one of you to see our fields this year. We now have over 1,000 varieties and 9 acres, also hundreds of seedlings to bloom. We welcome each and every one to visit us if possible. Blooming season starts about May 20th. Our home is at 614 Bryden Avenue. Fields at 21st and Grelle. Phone SH 3-6309.

We appreciate your orders and will strive to fill each one personally and in the manner we would want you to fill our orders if we were ordering from you. In the order filling season it is hard to keep up, so please get your order in early if possible as they are filled in rotation as received as much as possible.

We are very sincerely,
SMITH'S IRIS GARDENS — CARL & EVA

PLEASE READ THIS

Due to the fact that practically all of our business is wholesale, we are not printing a Retail Catalogue this season. However, the 1962 established retail prices are printed in the column on the left side of each page. If you want your order shipped prepaid, remit the prices in that column. All orders ordered at the prices in the Wholesale columns are shipped transportation collect. Large orders are sent express; small orders C.O.D. postage. **Please do not send Postage** for your order. We will include extra Iris greater than the value of the C.O.D. fee. This saves us a lot of time in refunding or writing for more postage and other necessary correspondence. Please give shipping instructions and shipping point if different than P.O. Please check with your P.O. and express agent as to which is cheaper on a given weight.

OUR IRIS ORIGINALS

We have been hybridizing Iris for the last six years. We bought thousands of dollars worth of the newest Iris to use in our hybridizing program. Each year only the best seedlings were kept and the rest discarded. We now have a collection that we think is unsurpassed. Every color is represented, including white, cream, yellow, pink, red, all shades of blues, and plicatas. The Rhizomes are Top Size.

Tell Muhlstein, world famous Iris hybridizer, came to see our Iris twice during this last blooming season and he thought they were wonderful.

Whether you order 25, 50 or 100, nearly every one will be different. Se sure and give them a trial.
